CLARK EL

Student At Computer Science

SUMMARY : BEGINNING MY JOURNEY

As a dedicated and ambitious junior programmer, I have gained a wealth of knowledge and skills in programming concepts during my 10 months of experience. My passion for programming drives me to constantly learn and improve."

EXPERIENCE

FRONT-END

1.-Proficient in HTML, CSS, and JavaScript for building responsive and interactive web interfaces
2.Experience in React.js and TypeScript for building web applications
3.-Strong understanding of OOP concepts and principles

BACK-END

1.Experience in Node.js and Express.js for building server-side applications
2.Proficient in Mongo DB and Mongoose for database management
3.Experience in developing and consuming APIs
4.Good understanding of Java and Authentication mechanism

FULL-STACK WEB DEVELOPER

A recent graduate with 1 year of experience in computer science, seeking a Junior Full Stack developer position to utilize my skills and passion for programming to contribute to the success of a dynamic and innovative organization. I am a quick learner and always eager to expand my skill set. I am passionate about web development and have a good understanding of front-end technologies such as HTML, CSS, JavaScript, React.js and back-end technologies such as Node.js, Express.js and MongoDB.
